

# APP Torch Base/Cap

APP Modified Bitumen Base/Cap Sheet

The Right Choice for Low-Slope Roofing Products

800-786-1492 • mulehide.com

Rugged • Time-Tested • Weather-Tested

## APP TORCH BASE/CAP

A polyester reinforced APP modified bitumen roofing membrane designed for heat-welded (torch) applications. Constructed with premium Atactic Polypropylene resins and incorporating superior polyester reinforcing, APP Torch Base/Cap provides an exceptionally durable roofing product which is easy to install and will provide long-term weathering. APP Torch Base/Cap has a smooth surface and a polyolefin backing. APP Torch Base/Cap exceeds all minimum ASTM standards for tensile strength, puncture resistance and flexibility.

### BASIC USES

APP Torch Base/Cap membrane is designed for application as a heat-welded (torch) applied cap sheet or flashing. Applications include new roofing, recover (retrofit) and flashing details. The system must be installed over an acceptable substrate as part of a multi-ply system. It is not intended to be installed directly to a combustible substrate.

### PRODUCT BENEFITS

- Exceptional weathering characteristics
- Puncture and tear resistance
- Exceptional low-temperature flexibility, tensile strength and elongation properties
