

**Description:**

The Drip Edge provides maximum water flow from roof decks while providing an architectural, visually-attractive termination.

- Fabricated in 10' lengths.
- Face sizes from 2"-8" available.
- Profiles can be custom-fabricated to meet most specifications.
- Can be fabricated to accommodate various roof pitches and mansards.
- For use on Mule Hide EPDM, TPO, and Self Adhered Modified systems.

Contact Mule-Hide to request a color chart, samples and information regarding custom metals and finishes.

**Installation:**

1. A wood nailer is required.
2. This nailer should be attached to the wall in accordance with ANSI/SPRI ES-1 3.9.
3. Install in accordance with Mule-Hide details.
4. Any deviation from the requirements set forth in the detail drawings must be pre-approved, in writing, by the Mule-Hide Technical Department.

**Warranty:**

Mule-Hide metal accessories are eligible for warranty coverage when properly installed as part of a Standard or Premium warrantable system. Please visit our Web site or call us for more information.

**Technical Services:**

Product samples, detail sheets, color chips, and color chart are available for your submittal package. For assistance with questions or submittals, contact your local representative or call Mule-Hide.
